ABOUT:

The cut is a Kuwaiti craftsmanship institution started in 2014. We specialize in crafting exquisite and bespoke woodwork to transform spaces into captivating environments. With a passion for craftsmanship and an eye for detail, we create unique designs that reflect our clients' vision and enhance the beauty and functionality of their interiors.

At **The cut**, we understand the timeless elegance and warmth that wood brings to any space. Whether it's residential, commercial, or hospitality projects, we work closely with our clients to design and build custom wood interiors that align with their preferences and requirements.

We take pride in our ability to source sustainable and ethically harvested materials, ensuring that our woodwork not only adds beauty to spaces but also promotes responsible environmental practices. We believe in creating interiors that are not only aesthetically pleasing but also aligned with our commitment to sustainability.
